Reception Overview

Summer 2 · Loving, Laughing, Learning

Loving

Our final half term in Reception Class is filled with joy as we take our final class trip to Lower Drayton Farm to learn all about life on a working farm.

We also have a great time taking part in our first Sports Day, racing in sporting challenges alongside our friends and cheering along the way. This special event is made even more special by having our families join us for a Father's Day picnic: a real celebratory end to our busy morning. The end of the summer term also brings new beginnings as we begin our transition to Year 1.

Laughing

Our special story, Supertato by Sue Hendra, brings lots of joy and excitement to our learning as we let our imagination run wild with a range of vegetable-themed activities!

We create a yummy fruit kebab for a special snack by trying lots of new and tasty fruit.

Learning

Getting ready for Year 1 At this time of year we consolidate our learning and prepare for our new start in Year 1. We want to feel ready and excited for Year 1, and our class teacher makes sure we are as ready as we can possibly be.

Independence We work hard at developing our independence skills, becoming fluent readers, confident writers and secure mathematicians.

Maths We are introduced to new learning apparatus in maths, rekenreks, which support our number knowledge to 10.

Reading & Writing We are now consolidating our literacy knowledge, working hard to apply our phonics knowledge to correctly to our reading and writing. We continue to strive to achieve our goals, always trying our best to use capital letters, finger spaces and full stops in our writing.

Our Wider World We continue to look at the wider world and learn about countries far away from the UK with different cultures and traditions, comparing these countries to the place where we live.
